Curriculum Vitae/Resume

Jeanne Choi

Incoming PhD Student in Computer Science and Communication Studies, Northwestern University |
bestjeanne@gmail.com

Research Interests: Human-Computer Interaction, Accessibility, Inclusive Design, Social Computing

EDUCATION

KAIST – Daejeon, Republic of Korea **Feb 2024 - Feb 2026**
M.S. in School of Computing
Advisor: Joseph Seering

KAIST – Daejeon, Republic of Korea **Feb 2018 - Feb 2024**
B.S. in School of Computing and Business Technology and Management
(Double Major)

Nanyang Technological University – Singapore **Summer 2022**
CAMPUS Asia Program
Course: Human-Computer Interaction, Introduction to Data Mining

University of Southampton – Southampton, United Kingdom **Spring 2022**
Undergraduate Exchange Student Program
Course: Introduction to Information Security, Macroeconomics

Korea University – Seoul, Republic of Korea **Summer 2019**
Undergraduate Exchange Student Program
Course: Cognitive Psychology

Chungnam National University – Daejeon, Republic of Korea **Spring 2019**
Undergraduate Exchange Student Program
Course: Human right and law

PUBLICATIONS

Conferences and Journal Papers

[c.5] Situating the Development of Conversational Artificial Intelligence in the Social and Structural Contexts of People with Visual Impairments
ACM Designing Interactive Systems. (DIS 2026).

[c.4] Leveling Up Together: Fostering Positive Growth and Safe Online Spaces for Teen Roblox Developers
Yubin Choi, **Jeanne Choi**, Joseph Seering.
ACM Conference on Human Factors in Computing Systems (CHI 2025). Oral Presentation.

[c.3] HateBuffer: Safeguarding Content Moderators' Mental Well-Being through Hate Speech Content Modification
Subin Park*, Jeonghyun Kim*, **Jeanne Choi**, Joseph Seering, Uichin Lee, and Sung-Ju Lee.
Computer Supported Cooperative Work and Social Computing (CSCW 2025).

[c.2] Empirical Evaluation of Metaverse Accessibility for People Who Use Alternative Input/Output Methods
Jeanne Choi, Hyun Wook Ka.
Association for the Advancement of Assistive Technology in Europe (AAATE) 2023. Oral Presentation.

[c.1] Analysis of the Accessibility of Metaverse Platforms from the Perspective of Screen Reader Users

Jeanne Choi, Ju-sung Kim, Hyun Wook Ka.
Journal of Digital Contents Society (JDCS) 2023.

Preprints

[r.1] CrisisNews: A Dataset Mapping Two Decades of News Articles on Online Problematic Behavior at Scale
Jeanne Choi*, Dongjae Kang*, Yubin Choi, Juhoon Lee, Joseph Seering.
arxiv.

(*) Equally Contributed.

Workshop Papers

[w.1] Understanding the Learnability Challenges of Blind and Low Vision Students Using Generative AI Tools in Education
Jeanne Choi, Sejun Jung, Joseph Seering.
2025 CHI Conference Workshop on Generative AI and Accessibility.

RESEARCH EXPERIENCE

Research Assistant (Advised by Jeong-woo Jang)
KAIST School of Digital Humanities and Computational Social Sciences **Mar 2026 - Present**

Research on designing inclusive online communities for graduate student mothers

Graduate Research Assistant (Advised by Joseph Seering)
KAIST School of Computing, Collaborative Social Technologies Lab **Feb 2024 - Feb 2026**

Led project of design fiction research on futuristic conversational AI with people with visual impairment [c.5], large-scale social media crisis dataset [r.1]

Collaborated on qualitative research on Roblox teen developer communities [c.4], system design for mitigating mental distress of content moderators facing harmful text [c.3]

Undergraduate Research Assistant (Advised by Hyun Wook Ka)
KAIST School of Transdisciplinary Studies **Aug 2022 - Sept 2023**

Research on evaluating the accessibility of metaverse platforms [c.2, c.1]

Undergraduate Research Assistant (Advised by Juho Kim)
KIXLAB (KAIST Interaction Lab) **Jun 2021 – Dec 2021**

Design workshops and prototyping AR media platform of Futuristic Cars

AWARDS & SCHOLARSHIP

Representative Master's Degree Recipient, 2026 Commencement

Selected to represent master's degree recipients at KAIST's 2026 commencement ceremony
Received the master's degree from the President of the Republic of Korea

Outstanding TA Award

KAIST, CS473 Social Computing (2024 Fall)
KAIST, CS206 Data Structure (2024 Spring)

Top Leadership Award (2024)

KAIST, Top 3 among the graduates
Diamond level of leadership mileage

Lim Mi-Sook Scholarship (2021 Fall)

For KAIST School of Computing female students with excellent leadership
Approx. 681 US dollars (1,000,000 Won)

Korea National Scholarship (2018 - 2022, 2024-2025 Fully funded)

Awarded to outstanding science and engineering national students

2022 Spring Outbound Exchange Program Essay Contest Top Prize

Approx. 204 US dollars (300,000 Won)

2022 "KAISTIAN Failure Story" Essay Content 3rd place (Top 10)

Artificial Intelligence-Humanities Book Report Competition 4th place (Top 12)

LEADERSHIP & SERVICE

HCI@KAIST Committee Member (Aug 2025 – Present)
KAIST Student & Minority Human Rights Committee Member (Feb 2024 - Dec 2024)

Teaching

AI and Programming Summer Camp for Students with Visual Impairments (KAIST, 2025.08)

CS930 Computer Science and My Future TA (KAIST, Fall 2025)

CS473 Social Computing TA (KAIST, Fall 2024)

CS206 Data Structure TA (KAIST, Spring 2024)

KAIST Friendship Program (Korean mentoring for international students, Spring-Fall 2023)

Korean 1, Korean 2 TA (Courses for international students in KAIST, Fall 2021)

MadCamp TA (Hackathon in KAIST, Winter 2020-21)

KAIST Science Outreach Program (English Mentoring, Spring 2019)

Volunteering

Translating books for Readers with Visual Impairment (2025.03-04)

Books translated: Dot Dot Dot, Balling Balling - Ik-kyung Kim

KAIST Indonesia Overseas Volunteering In Jakarta (2023.11 - 2024.01)

Leader of culture exchange program

Community Support Volunteering

Library Supporting Volunteer (Daejeon Yu-seong district, 2023.03 - 2023.12)
Support for Stray cats (Meal feeding and cleaning, KAIST, 2020.03 - 2021.06)
Coloring Street Murals (KAIST, 2018.06, 2019.06)
Coal Briquette Delivering (KAIST, 2018.12)
